David Fontalbert, Chief Fiscal Officer
Roy Smith, Teed & Associates
Steve Glasser, Teed & Associates**

Roy Smith, of Teed & Assoc., stated that the audit was complete and that the staff was helpful and provided the necessary information when it was requested. He stated that there was only one audit finding. It was an unqualified opinion. He stated that the firm Teed & Associates performs approximately 60-70 government audits a year. The only exception found was regarding reconciliation details of the unaudited financial statement and the audited statement. All offices have agreed to make the auditor's recommended changes. Commission Carper stated that the audit went well. He instructed staff to research the possibility of Teed & Assoc. performing the audit again next year. Commissioner Hardy stated that the good audit is a reflection of staff. He complimented Dave Fontalbert, Kim Lutz, and Allen Bleigh on a good job. Exoneration request by Elizabeth Meckley relating to District 25, Map 9999, Parcel 0702 0626 0000, Account Number 07020635 (Property Description: 92A ½ Min. Int. Kanawha 2 Mile Ck Les 1.4 O&G 62A)

Commission President Kent Carper

Marc J. Slotnick, County Attorney

Steve Duffield, Deputy Assessor

Sean Alvis, Deputy Assessor, Special Properties Section

Elizabeth Meckley, Property Owner

Commissioner Carper stated that this is a petition for clerical error. He stated that the Assessor Office has correctly objected to the Commission taking action based on the Commission not having any jurisdiction. Steve Sluss stated that the statute says one year from when the mistake was discovered. In 2008 a mistake was found by the State Tax Department and the Assessor's Office went back to 2003 which is 5 years just as is done with other taxpayers. The total is less than \$100. The Assessor's Office is protesting granting an exoneration for more than 5 years. Mr. Sluss stated that they have to be blind to the dollar amount. He stated that the office is allowed to back tax for 5 years therefore that is how they figure to go back 5 years for exonerations. Commissioner Carper moved to deny the petition. Commissioner Shores seconded. Marc Slotnick agrees. Mr. Sluss stated that this can be appealed to Circuit Court. Commissioner Carper requested that the Assessor's Office assist Ms. Meckly with the process. Motion carried.

Commissioner Henry C. Shores

Commissioner Dave Hardy

Brent Pauley, County Manager

Jennifer Sayre, Deputy County Manager/Grants Director

David Fontalbert, Chief Fiscal Officer

Commissioner Hardy moved to approve for discussion purposes. Commissioner Shores seconded. Motion carried. Commissioner Carper stated that budget amendments can be made. He stated that there will be no raises and no new employees. He stated that the Commission is researching grant money that could be used for items that are not budgeted such as sheriff cars. He stated that there will be zero community contributions and the County Commission portion of the budget was cut \$200,000. He instructed staff to send a letter to the Governor thanking him for his reprieve regarding the PERS increase. He stated that the Commission will be paying the additional costs in all the elected officials' budgets, with regard to the increase in PERS and health care costs. He stated that there is no new money; this is considered a flat budget. He pointed out that other counties are cutting salaries whereas Kanawha County is not to that point. He stated that there is a one time additional \$20,000 in all elected officials budgets to be used for discretionary spending and an additional \$20,000 to each elected official for capital spending. He stated that currently the office is working on a 3 year budget forecast. Commissioner Hardy stated that the budget includes \$630,000 to the VFD, \$675,000 in water projects, \$4.75 million in healthcare costs, and \$4.3 million in jail costs; over \$9 million in those two areas alone and the jail cost is an item that the Commission has no control over and the

Commission has continually tried to cut the health care cost. He stated that table games revenue is down and property tax revenue is flat. Commissioner Carper thanked elected officials for their unified support on the PERS issue. He pointed out that the Regional Jail owes the county \$500,000 from the partial reimbursement. This could be paid back to the county now. Commissioner Carper called the matter to a vote. Motion carried. Commissioner Hardy moved to approve the Coal Severance Budget. Commissioner Shores seconded. Motion carried. Commissioner Carper instructed staff to send a letter to Secretary Helton regarding the coal severance distributions.

Commission President Kent Carper
Marc J. Slotnick, County Attorney**

Cam Seacrist was present to authorize the debt service reserve be terminated and allow the funds to be used in a project fund for the Judicial Annex and Parking Garage. He stated that the order is broad enough; so the funds can be used for other items if the need arises. The bids on the parking garage are due in 30-60 days. Jennifer Sayre stated that currently they are waiting on the State Historic Preservation Office for approval with regard to the windows for the courthouse. Commissioner Carper stated this is a 100 percent grant for the windows, but it is not enough to do the entire courthouse, may only get half completed. Dave Fontalbert stated that the interest is 5.1% and it is locked for 5 years and it does have a prepayment penalty. Commissioner Carper thanked Mr. Seacrist for his work on this project. Commissioner Hardy moved to approve the transfer of the debt service reserve funds. Commissioner Shores seconded. Motion carried. Commissioners signed the order. Cam Seacrist stated that J P Morgan Chase is the bank and the banker is John Copenhaver.

Carrie Clendening stated that the session ends Saturday. Commissioner Carper stated that there is a new bill, the Business Court Bill. This bill will allow the Supreme Court to pick certain counties with populations over 60,000 and establish a business court. He stated that this should be treated the same as Family Court; taxpayers should not have to pay for this. Commissioner Hardy inquired regarding the Bucks for Brains Bill and the amendment regarding the property taxes on antique cars. Commissioner Carper stated that this would have a \$500,000 effect statewide. Carrie is to follow up with the bills for Commissioner Hardy.
